

include/utility/integer  
\_sequence.hpp

```
graph TD; A[include/utility/integer_sequence.hpp] --> B[type_traits]; A --> C[utility];
```

A diagram illustrating a C++ header file's dependencies. At the top, a gray rectangular box contains the text 'include/utility/integer\_sequence.hpp'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box labeled 'type\_traits'. The right arrow points to another white rectangular box labeled 'utility'. This visualizes that the 'integer\_sequence.hpp' header includes both 'type\_traits' and 'utility' headers.
